

# Sacci Slipbelt

Art.No: 221873 (Slipbelt 9), 221874 (Slipbelt 5)

Sacci Slipbelt is an innovative solution for flexibly carrying your radio control. The belt is available in two sizes, 5 and 9 cm wide. The slipbelt rail has two carabiner hooks that can be steplessly adjusted sideways to suit your control.

The carabiners fit attachment points up to 7.5x7.5mm in cross section.

MEASUREMENTS (WxL):  
90x830 mm (Slipbelt 9)  
50x830 mm (Slipbelt 5)

WEIGHT:  
410 g (Slipbelt 9)  
310 g (Slipbelt 5)

## HOW TO ORDER:

Send an e-mail to [support@sacci.se](mailto:support@sacci.se)  
or give us a call at 0243-932 50

If you want to carry a PDA or other equipment you need to take with you to work, we also have solutions for attaching it.  
For more information go to [www.sacci.se](http://www.sacci.se).

We got your back.
