

RADIO VEST

ART.NO: 120230

Sacci Radio Vest is a product in our assortment aimed at emergency services. The vest is developed in close collaboration with firefighters and rescue personnel.

We got your back.

Sacci is an innovative developer and production partner of high quality carrying systems. We've made carrying easy since 1914.

SACCI SINCE
1914

- The vest can be worn under the fire suit and can therefore be used by all firefighters.
- Removable belly plate that can be easily put on and off with Fidlock buckles by the person who are in charge for the day or need to carry more devices. The belly plate is designed with a Molle system that enables the attachment of many different accessories such as holsters for com radios, small bags etc.
- Pocket for in-ear headphones.
- Back part in a ventilating mesh which means that the vest does not get too warm.
- Weight: 400 g

Belly plate
Art.no. 120231
Weight: 150 g
